ShowerSense

ShowerSense lets you enjoy the steam experience, plus your choice of three luxury shower options. Either the 550 or 450 Digital Control lets you select either of two different shower temperatures, and gives you total touchscreen command over all steam and shower functions, without the clutter of multiple shower controls. The ShowerSense Valve is easy to install in any position behind the wall, and is both temperature compensating and pressure-balanced to optimize user comfort.

Product Code:TSSH

£1750.32

SH-450 Control lets you control your shower plus the addition of controlling audioSense and ChromaSense sold separately.

£669.24

AudioSense

TSMU- Audio Control System with 70w wireless receiver **£823.68**
